

Quantitative analysis, by cathodic reduction, of passive layers on Fe-17Cr alloy and its application to substituted alloys	
F. Basile and G. Lorthioir	31
Effects of mechanical deformation on electrochemical behaviour of galvanised steel	
L. Fedrizzi and P. L. Bonora	37
Film formation and stress corrosion cracking of duplex stainless steel in boiling chloride solution	
S. K. Ghosal, H. S. Gadiyar, and G. V. Prabhu Gaunkar	43
Deviation from bilogarithmic law for atmospheric corrosion of steel	
M. Morcillo, S. Feliu, and J. Simancas	50
Potentiodynamic studies of tin corrosion in presence of citrate and bisulphate ions in aqueous solutions of varying pH	
C. Y. Chan, K. H. Khoo, Y. C. Chua, and S. Guruswamy	53
Effect of amino acids on corrosion of cobalt in H₂SO₄	
S. Bilgiç and A. A. Aksüt	59
Correlation between sulphur content and corrosion resistance of nickel alloys	
B. Vicentini, G. Rondelli, A. Cigada, and M. Tarenzi	63
Effect of magnesium addition on surface free energy and anode capacity of indium activated aluminium alloys	
A. G. Kulkarni and I. Gurrappa	67
Determination of electrochemical corrosion parameters using discrete Laplace transformation	
I. Qamar and S. W. Husain	71
Technical note Electrochemical study of substituted pyrroles for protection of iron during pickling	
E. Stupnišek-Lisac and M. Metikoš-Huković	74
Technical note Effect of metal temperature on current density requirements for cathodic protection of bare steel in sea water: laboratory study	
C. Kettle and W. R. D. Couper	77
Comparison of cross-sectional image analysis with weight change measurements for assessing non-uniform attack during corrosion testing of aluminium	
A. Y. M. Peng, S. B. Lyon, G. E. Thompson, J. B. Johnson, G. C. Wood, and J. M. Ferguson	103
Displacement rate as parameter for assessing environmentally assisted cracking of steels	
G. Gabetta	107
Corrosion of cars in eastern coastal environments of Saudi Arabia	
Z. Ahmed and F. A. Al-Sulaiman	112
Effect of air pollution on atmospheric corrosion of zinc	
J. M. Costa and M. Vilarrasa	117
Determination of critical inhibition threshold in Fe-Ca(OH)₂-Cl⁻-NO₂⁻ system	
E. Ramirez, E. Otero, and J. A. González	121
Corrosion inhibition of mild steel in neutral solutions by organic compounds with quinonoid structure	
E. Slavcheva, E. Sokolova, and S. Raicheva	125
Corrosion characteristics of carbon steel in organic solvent containing fatty acids	
J. J. Liebenberg and W. Skinner	130
Comparative study of tantalum and titanium passive films by electrochemical impedance spectroscopy	
W. A. Badawy, S. S. Elegamy, and Kh. M. Ismail	133
Exfoliation corrosion behaviour of welded high strength aluminium alloys	
J. Oñoro and C. Ranninger	137
Effect of chloride ion concentration during corrosion of medium strength aluminium alloys 8090, 2091, and 2014	
Rajan Ambat and E. S. Dwarakadasa	142
Technical note Corrosion of welded aluminium coated steel in saturated H₂S solution	
Y. J. Li, X. L. Wang, and Y. L. Zhang	149
Corrosion of packaged galvanised steel analysed by capillary electrophoresis	
R. G. Kelly, H. S. Scully, and G. E. Stoner	181
Method for measurement of corrosion rate at iron electrode in inhibited neutral waters	
D. Ferreday, P. J. Mitchell, G. D. Wilcox, and B. Greaves	185
Expert system to choose coatings for flue gas desulphurisation plant	
Y. L. Mo	188
Corrosion of mild steel in media containing sulphide ions	
T. F. Otero and C. Achucarro	194
Influence of sulphide ions on corrosion resistance of special austenitic stainless steels in phosphoric acid	
S. El Hajjaji, J. Roy, L. Aries, and F. Dabosi	201

Quantitative analysis, by cathodic reduction, of passive layers on Fe-17Cr alloy and its application to substituted alloys	
F. Basile and G. Lorthioir	31
Effects of mechanical deformation on electrochemical behaviour of galvanised steel	
L. Fedrizzi and P. L. Bonora	37

T. F. Otero and C. Achucarro	194
Influence of sulphide ions on corrosion resistance of special austenitic stainless steels in phosphoric acid	
S. El Hajjaji, J. Roy, L. Aries, and F. Dabosi	201

Corrosion of Ni-Resist cast irons in sea water	
A. U. Malik, S. Basu, I. N. Andijani, N. A. Siddiqi, and S. Ahmad	209
Biocompatibility of Ni-Ti shape memory alloys	
R. S. Dutta, Madangopal K., H. S. Gadiyar, and S. Banerjee	217
Effect of polyethylene glycol on pitting corrosion of cadmium in alkaline solution	
S. Abd El Wanees, A. Abd El Aal, and E. E. Abd El Aal	222
Technical note Transpassive anodic dissolution of nickel in sulphuric acid	
R. S. Chaudhary and A. Singh	227
Technical note Compact flowthrough electrochemical cell	
H. S. Campbell	231
Corrosion on Riotinto Pier at Huelva	
E. J. Herrera, J. M. Gallardo, and L. Soria	253
New multiple specimen potentiostatic system. Part 1: Evaluation of concept using dual potentiostat configuration	
D. R. Lenard, G. K. Schattschneider, and J. G. Moores	259
New multiple specimen potentiostatic system. Part 2: Practical examples of use in flowing sea water	
D. R. Lenard, G. K. Schattschneider, and J. G. Moores	264
Galvanic corrosion of copper/silver contacts in electrical switches	
A. M. Shams El Din and L. Wang	271
Crevice corrosion: review of mechanisms, modelling, and mitigation	
A. J. Betts and L. H. Boulton	279
Review of modelling of pit propagation kinetics	
A. Turnbull	297
Technical note Ratio of specimen thickness to charging area for reliable hydrogen permeation measurement	
R. B. Hutchings, D. H. Ferriss, and A. Turnbull	309
 Bengough Medal and Prize 1993	 83
Book reviews	29,98,170
Conference reports	
Galvatech '92: 2nd International Conference on Zinc and Zinc Alloy Coated Steel Sheet	20
Australasian Corrosion Association's 32nd Annual Conference	22
Corrosion and related aspects of materials for potable water supplies	25
10th European Corrosion Congress including	171
Cavallaro Medal Address Some problems that have been resolved J. E. O. Mayne	175
Marti i Franqués Medal Address A perspective on the evolution of some corrosion topics S. Feliu	176
European Corrosion Medal Address Corrosion research to bridge the gap between theory and practice A. Rahmel	177
7th International Symposium on Corrosion in the Pulp and Paper Industry	178
12th International Corrosion Congress	249
Corrosion Conference in memoriam Kurt Schwabe	251
Corrosion news and views	1,81,153,233
